- (1) Use A4 paper as the standard for all submitted documents, which in principle should be typed. Handwritten documents should be written clearly.
- (2) Do not attach any additional documents apart from the items listed above.
- (3) All documents must be in English. Documents in languages other than English must be accompanied by an official translation. To be official, the translation must have been done by the organization issuing the document or by an accredited translator. We will not accept your own translations.
- (4) You must submit official transcripts from all undergraduate and graduate institutions attended. These must be documents issued by the university and bearing the seal or signature of the registrar, and they must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities. You should request and receive your official transcripts from your university. Official transcripts should contain the following information: the name of the degree program/course, the enrollment period, the names of all courses taken and grades received, and the grading scale. It is helpful to have the student's rank in the class included in the information. If you are currently attending a university, please submit your most recent transcript.
- (5) Your letters of recommendation must be written separately by an immediate superior at your workplace or an academic advisor from your university. At least one and preferably two should be written by immediate superiors at the workplace. Each of your letters must contain both of the two A4 pages provided. Letters submitted that do not use our designated forms will not be accepted. They must be submitted in sealed, unopened envelopes signed across the flap by the recommender. For details, please see the explanation on the designated form.
- (6) You must submit official graduation/degree certificates from all undergraduate and graduate institutions attended. These must be documents issued by the university and bearing the seal or signature of the registrar, and they must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities. You should request and receive your official graduation/degree certificates from your university. Official certificates should state the name of your degree and the date the degree was awarded. If you are currently attending a university, you must submit an authorized statement of expected graduation certifying the specific date of graduation and the title of the expected degree upon completion of the program. Do not send your original diploma, as documents will not be returned.
- (7) Transcripts/certificates that have been opened are not acceptable. Transcripts/certificates without the institution's official stamp or the signature of the registrar are not acceptable. If a university has a policy not to issue more than one official transcript/certificate, you may submit photocopies verified by the university. These must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities. If a university cannot issue an official English transcript/certificate, you are required to submit both an official transcript/certificate (photocopies are not acceptable), written in its original language and bearing the institution's stamp or the signature of the registrar, and an official English translation of the document, prepared by an accredited translator. If official transcripts do not include the grading scale, you are required to request the university to issue an official letter providing the details of the grading scale. That letter should be enclosed in the same envelope as the transcripts. Provisional or temporary graduation/degree certificates are not acceptable.
- (8) Please note that English test scores are valid for two years from the test date, and therefore, tests must have

been taken within two years of the date of admission. If you submit the results of a different test of English proficiency, please submit a conversion of the score to TOEFL or IELTS.

(9) How to apply for a waiver of the English language proficiency requirement

(Please note that there are two categories in our English test exemption policy.)

Category 1: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an accredited institution located in the USA, the UK, Canada, Australia, New Zealand, or Ireland will be automatically exempted from submitting an English test score.

Category 2: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an institution where the language of instruction is English may request a waiver of the English language proficiency requirement. If you wish to apply for such a waiver, you must submit, as evidence, official documents issued by the educational institution you attended, certifying that your undergraduate or graduate education was conducted entirely in English. This document must be issued by the university and bear the seal or signature of the registrar, and it must be submitted in a sealed, unopened envelope with the university logo and address noted; the envelope must be signed or stamped across the flap by the issuing school authority. Please note that the granting of your language waiver request is at the discretion of our screening committee and that your request for a language waiver will be considered at the time of screening. This means that there is a possibility that your waiver request will be denied. If possible, we strongly recommend you to take a TOEFL or IELTS test prior to your application.

(10) Number the documents from ① to ⑨ (the items numbered in the list above) in the upper right corner of each document.

8. Notes

(1) Each recipient is advised to learn some basic Japanese language and to acquire basic information on Japanese climate, geography, customs, university education, and social conditions in Japan, as well as about the differences between the Japanese legal system and that of his/her home country before departing for Japan.

(2) The recipient should bring approximately US \$2,000 or the equivalent to cover immediate needs after arrival in Japan since the scholarship will be paid a while later.

(3) Recipient must enroll in National Health Insurance (NHI) upon arrival in Japan.

(4) Information regarding the MEXT Scholarship recipient (name, gender, date of birth, nationality, accepting university/graduate school/undergraduate school, field of specialty, period of enrolment, career path after completion of scholarship, contact information [address, telephone number, e-mail address]) may be shared with other relevant government organizations for the purpose of utilization for overseas students programs implemented by the Japanese Government (support during period of study in Japan, follow-up survey, improvement of the overseas student system).

Information in regards to the recipient other than date of birth and contact information may be made public in materials produced by the Japanese Government as publicity information for promoting the acceptance of overseas students in order to introduce the activities of past recipients in countries around the world after their study in Japan.

These matters are included in the Pledge stipulating rules and regulations which MEXT Scholarship recipients must comply with and submit when they have been granted the Scholarship. Excluding exceptional circumstances, only those concurring with these conditions will be accepted as MEXT Scholarship recipients and will be granted the Scholarship.

(5) All personal information that we receive from applicants will be used for the purposes of admissions screening, collecting statistical information, student registration, and educational affairs.

(6) More detailed information on the YLP scholarship program is available at the Japanese diplomatic mission in your country.

## **Young Leaders' Program (School of Government) Curriculum Guidelines**

# I INFORMATION CONCERNING RECRUITMENT OF STUDENTS

## 1 Number of Scholarship Recipients

There are five different courses available to applicants, and each course will accept from 10 to 20 applicants at the maximum, for a total of around 70 students in the program for one year.

However, due to the current severe financial situation in Japan, the number of overseas students selected for the program and the scholarship conditions may not necessarily be in exact accordance with the conditions described in these Guidelines.

## 2 Eligibility Requirements and Application Procedures

- (1) Applicants must have graduated with excellent grades from a university and be able to study in Japan for one year.
- (2) Applicants must meet all qualifications and requirements stated in the application requirements. Please observe the requirements strictly.
- (3) The number of students accepted into this program is kept down to a minimum. All candidates for this program will be evaluated comparatively. Therefore, candidates who meet all qualifications still might not be selected. (It is also possible that none of the candidates from your institution will be selected.) Please take this point into consideration when recommending candidates.
- (4) Some students in the past gave up studying in the middle of the program due to mental and physical problems. Moreover, some students require long-term treatment due to their previous contracting of infectious diseases such as tuberculosis, hepatitis, typhus, malaria, dysentery, and so on. With due consideration given to the fact that the students will be staying for a long period in a country with a very different environment from that in the home country, please make very sure of the student's medical condition (including past medical history), and try to ensure that any student with an illness requiring treatment receives such treatment before coming to Japan.
- (5) Military personnel or military civilian employees at the time of their arrival in Japan are not eligible.

## 3 Notice Period and Method

Each institution is free to decide how to notify students about recruitment for this Scholarship. However, recruitment should be done in an effective way in order to ensure that outstanding students are selected.

Application guidelines may be obtained from the Embassy of Japan, or can be downloaded from the MEXT's website: <http://www.mext.go.jp/en/policy/education/highered/title02/detail02/sdetail02/sdetail02/1374094.htm>

In addition, applicants should be instructed to seek information about the universities offering YLP courses through their brochures or websites. (Please see the application guidelines for the relevant URLs.)

## 4 Acceptance of Application Forms

Applicants must observe the application period strictly and submit the necessary number of documents (including copies of documents). It should be verified whether or not all applications are completed fully and correctly and if any necessary documents are lacking. Students will be asked to make corrections to their application if problems are found. After any required corrections are made, the application forms will be accepted once again. The following matters concerning acceptance need to be considered.

### 1) The language used and attached translations

Documents must be filled out or written in English. Attach an English translation if they are written in another language.

## 2) Application form

(a) The prescribed forms for each year must be used to apply. Please fill out the forms clearly (especially the applicant's name) and put each application form and all other necessary documents into one envelope designated by MEXT.

### (b) Academic record

Please write the names of the schools or institutions that the applicant attended in the spaces of 'Elementary Education', 'Secondary Education' and 'Higher Education' which correspond to the Japanese education system of 'Elementary Education - Elementary School', 'Secondary Education - Lower/Upper Secondary School' and 'Higher Education - Undergraduate/Graduate school'.

\*Note: Please write the exact number of years that the applicant was enrolled in each institution. If an applicant skipped a year in any school or institution, it must be mentioned.

## 3) Undergraduate/graduate school transcripts

A transcript of all credited courses taken every year at the student's undergraduate or graduate schools is necessary (Neither a degree certificate nor a diploma showing what ranking the student received when the applicant graduated will be considered as a transcript. The system of grading/evaluation should be clearly written out on the transcript.). If the transcript is not duplicable, a certified true copy of the original transcript should be submitted. Many incomplete applications are found that the original transcripts are not attached or the submitted copies are not verified. Please read the application guidelines carefully.

## 4) Recommendation letters

Many incomplete applications are found that the recommendation letter from the recommending institution is not attached. Please make sure to issue the letter for the applicant.

For 'Recommendation Letter from the applicant's direct superior at work' and 'Recommendation Letter from the applicant's direct superior at work or supervising professor of the university', the letters that do not use the prescribed form will not be accepted. Please make sure to submit two letters using the prescribed form.

## 5) Medical certificate

Applicants must submit the designated form and have the doctor fill out all items in the form. Recommending institutions must specify medical institutions for the physical examination.

Regarding previous illness, i.e., tuberculosis, mental disorder, etc., please pay attention to the fact that some applicants could become sick after coming to Japan even though they did not state any problems beforehand. Please consider this point carefully when recommending institutions are interviewing/examining applicants. If applicants are disabled and need special care in an accepting university, it must be mentioned in the recommendation letter.

## 6) Certificate of graduation (Please attach an English translation)

Any of the following may be submitted: A certificate of graduation from graduate or undergraduate schools, a certificate of high school-equivalent leaving qualification or a certified true copy of a diploma/ degree certificate. Many incomplete applications are found that the original transcripts are not attached or the submitted copies are not verified. Please read the application guidelines carefully.

## 7) An essay explaining applicant's aspirations and future plans

The essay concerning the applicant's reason for applying as well as future plans after the completion of YLP

should be explained concisely and concretely within three pages or so.

#### **8) Official evidence of English ability**

Many incomplete applications are found that the evidence document is not attached. Please make sure to submit the document.

#### **9) In case of incomplete application documents**

Application documents that are not completed fully and correctly or that are lacking necessary documents will not be accepted. If applicants cannot get the necessary documents because of the circumstances in their home countries, certificates certified by the issuing authority, the government in their home countries or the Embassy of Japan may be considered as original.

### **5 Conditions for Recruitment**

Applicants must meet all application requirements. Any personal exceptions will not be allowed.

### **6 Applicants Staying in Japan**

Although applicants living in their own country have first priority, if an applicant is already staying in Japan for some reason and wishes to apply for this program, the applicant can be regarded as a valid candidate by decision of the recommending institution. However, those who have been currently enrolled in a Japanese university with a status of residence of "Student"(留学) and those who are enrolled or scheduled to be enrolled as a privately financed international student during the period from the beginning of application to the beginning of the provision of the scholarship are not eligible.

### **7 Applicant Who Has Already Been to Japan**

In regards to applicants who have been to Japan, those who have had problems in their past should not be recommended.

## **II SELECTION OUTLINE**

The candidates recommended to MEXT through the Embassy of Japan and the Japanese Ministry of Foreign Affairs should be selected in accordance with the following method.

### **1 Method of Selection**

Each recommending institution can use the selection method at their discretion, but is asked to examine accurately each applicant's English ability, personality, reasons for applying, etc.

### **2 Criteria for Selection**

Candidates must meet the following criteria along with the required qualifications:

- (1) Candidates must have excellent grades and have the ability to study in their desired field;
- (2) Candidates must be physically and mentally healthy (The students who have developed symptoms of mental problems, malaria, tuberculosis, diabetes, hepatitis, etc., after coming to Japan have usually suffered from the same disease in the past. Please take this into consideration.);
- (3) Candidates must have a verifiable identity;
- (4) Candidates must be able to easily adapt to a new environment and a different culture;
- (5) Candidates must have a rich international cultural understanding;
- (6) Candidates must not have Japanese nationality or dual nationality between his/her country and Japan;

- (7) Candidates must not be a military personnel or military civilian employees;
- (8) Candidates who have not been currently enrolled in a Japanese university with a visa status of “Student” (留学) or who are not enrolled or scheduled to be enrolled as a privately financed international student during the period from the beginning of application to the beginning of the provision of the scholarship.

Please do not recommend students who obviously have difficulty in continuing their studies for the required period of time after coming to Japan (i.e., those who have to do military service, those who are pregnant, etc.).

### **III RECOMMENDATION OUTLINE**

Recommending institutions must submit all the necessary documents to MEXT through the Embassy of Japan/Japanese Ministry of Foreign Affairs. The following points concerning recommendations should be given particular consideration.

#### **1 Necessary Documents**

- (1) The recommendation letter by each recommending institution should include detailed comments on the applicant’s personality, learning ability, eagerness to study in Japan and learn Japanese, experience of studying abroad, etc.
- (2) All documents must be written in English or with an English translation.
- (3) Make the necessary number of packages of each necessary document and put them into one envelope designated by MEXT for each candidate. Please make sure to affix photograph onto an application form beforehand and that all original or certified true copies of each document are gathered into one package.
- (4) For the application guidelines, candidates are requested to number the documents in the upper right-hand corner. In case this is not done by the candidate, the recommending institution should number the documents accordingly.

#### **2 Deadline for Recommendations**

- (1) The nomination of candidates to MEXT should be made by the recommending institution by the date designated by the Embassy of Japan. It is the responsibility of the recommending institution to ensure that all necessary documents are provided by the deadline.
- (2) It is preferred that all the necessary documents for every candidate are submitted to the Embassy of Japan all together.
- (3) In case some of the necessary documents are lacking for a candidate and need to be submitted later, please make sure to confirm the deadline with the Embassy of Japan. If the document is not submitted by the deadline, or cannot be expected to be ready, this case will be considered as “unaccepted” (not possible to nominate).

### **IV SELECTION AND ANNOUNCEMENT OF RESULT**

#### **1 First Screening**

The candidates who are recommended by each recommending institution are selected by the universities offering YLP courses in the First Screening. The selection will be based on the submitted documents and an interview to be held in the home country. If a face-to-face interview is impossible, the interview will be conducted by telephone. The universities will recommend candidates to the YLP committee established in MEXT, based on the results of the First Screening.

## **2 Second Screening**

The YLP committee conducts the Second Screening.

## **3 Announcement of Result**

After the Second Screening process, the final selection results will be notified to each recommending institution through the Embassy of Japan and the Japanese Ministry of Foreign Affairs. The recommending institutions notify the results to their candidates, and confirm the successful candidates their intention to enroll the accepting university by submitting a Pledge to the Embassy of Japan.

## **4 No Change of University**

A change of the accepting university will not be permitted. This must be explained in the result notification and during the orientation to all candidates.

## **5 In Case of Withdrawal**

If a successful candidate expresses withdrawal from this program, the recommending institution asks him/her to contact the Embassy of Japan with the letter explaining the reason for withdrawal. The withdrawal will be notified to the accepting university via the Embassy of Japan, the Ministry of Foreign Affairs and MEXT.

## **6 Waiting List**

When the number of successful candidates is less than the fixed number because of withdrawals etc., it will be possible to select from the Waiting List successful candidates who were selected beforehand at the Second Screening by the YLP committee. However, the YLP committee will not choose any more candidates as alternates after the Second Screening.

The accepting university confirms the successful candidates from the Waiting List about his/her intention to enroll the university. Once it is confirmed, the official result will be notified to the recommending institution via the Ministry of Foreign Affairs and the Embassy of Japan.

# **V PROCEDURES AFTER SELECTION**

Selected students (grantees) may cause various problems after coming to Japan because of their lack of knowledge or misunderstanding of procedures for coming to Japan. Please pay particular attention to the following points.

## **1 Visa Issuance**

Visa will be issued by the Embassy of Japan in each grantee's country based on the instructions from the Ministry of Foreign Affairs.

## **2 Airline Ticket**

- (1) Each grantee will be provided, according to his/her itinerary and route as designated by MEXT, with an economy class airline ticket from the international airport closest to his/her place of residence to Narita International Airport (or an airport normally used by the university where he/she is placed). In any case, a change in the departing airport due to a change of address will not be possible. The present address in the country of the grantee's nationality stated in the application form is in principle regarded as his/her "home address." If, however, the address stated in the form will be changed at the time of leaving from his/her country, the changed address will be regarded as "home address".

- (2) The airline ticket sent by MEXT has a fixed date and flight number. Visiting relatives or friends, staying for sightseeing, research or short visit, etc. on the way to Japan are not permitted.
- (3) The departure date and flight are fixed due to hotel arrangements at a stopover location, flight transfer circumstances, arrival procedures, and residency arrangements. Therefore, changes of the ticket date made by the applicant in the home country will not be permitted.
- (4) The airline ticket sent by MEXT to the grantee cannot be transferred to another person, nor can it be exchanged for money. Furthermore, MEXT is only responsible for supplying grantees with an airline ticket and will not pay for costs associated with excess baggage, airport taxes or insurance fees.
- (5) A ticket will only be provided for the grantee. Family members or others who may accompany the grantee to Japan will not receive any travel or other funds.

### **3 Date of Departure**

- (1) The departure date, designated by the accepting university, will be two weeks or so before or after the first day of the course conducted by the accepting university.
- (2) If the grantee arrives in Japan before the arrival date designated by the university, the scholarship amount for that month will not be paid.
- (3) The flight fee will not be covered for any grantees who wish to come to Japan before the designated date set by MEXT without permission from MEXT. There will be no refund after arrival. In such case the grantee will not be considered as a student of this program at that time. Therefore, if a student comes before the appointed date, the travel arrangements, entrance procedures and living arrangements after arrival (all necessary procedures) will be the grantee's responsibility.
- (4) Departure date and flight changes will not be permitted. However, if any change is required due to personal illness, please contact MEXT through the Embassy of Japan. In such a case, the grantee must wait for the contact from MEXT after all the procedures including residence arrangements, etc., are rescheduled. In Japan, all courses will begin right after the arrival date. In case of any arrival delay, the applicants' acceptance to this program might be revoked.
- (5) If the travel agency demands payment for the difference of flight fee due to any departure or flight changes and if the grantee pays at the moment of departure, no refund will be given after arrival. Therefore, when any changes occur, please contact the Embassy of Japan to find out the necessary procedures before departure.

### **4 Withdrawal or Revocation of Acceptance**

- (1) If a grantee cannot arrive within the designated arrival period, it will be a great hindrance to the grantee's education at the university as well as the research program. In this case, the acceptance to this program might be revoked.
- (2) If a grantee withdraws from the program after receiving the airline ticket, MEXT will collect it through the travel agency.
- (3) If a recommending institution sends many grantees who withdraw from this program or return to their home country due to personal reasons in the middle of the program, the institution's participation itself will be reconsidered. Therefore, when recommending applicants, please make sure applicants will not withdraw from this program for any reason.

### **5 Students Accompanied by Family Members**

- (1) If a grantee wishes to be accompanied by his/her spouse or any other family member, the grantee must inform the accepting university before departure. If the spouse or family member wishes to accompany the grantee, they must be informed that there will be no increase of the scholarship and traveling fee for the

spouse and family member.

- (2) All entry procedures for the spouse and family member will be completely different from those for the grantee. Therefore, please make sure to obtain a visa for the spouse before departure.

## 6 Guidance before Departure Date

- (1) All grantees should learn as much about their accepting universities' education systems as possible before coming to Japan. Grantees should also learn basic Japanese language necessary for daily life and about the Japanese climate, legal system, culture, and so on before departure.
- (2) All grantees studying in Japan should bring approximately \$2,000 US or the equivalent thereof to cover immediate needs after arrival in Japan since the scholarship will be paid at a date somewhat after the arrival.
- (3) If any personal problems occur after arrival, such matters should always be discussed with the grantee's supervisor first and then contact the international affairs office at the university if necessary.
- (4) Recently, there are many students who return to their home country without permission. Some must return due to mental problems. A thorough interview and orientation before departure is very important to prevent these unauthorized returns from happening. However, if an unfortunate occurrence should arise due to an accident while the grantee is studying abroad, measures will be taken to ensure fast contact with family members of the student and appropriate authorities in the home country based on directions from the Japanese side. All problems should be dealt with through close contact between Japan and the student's home country. All circumstances and results concerning such matters should be reported to the accepting university and MEXT.
- (5) The JASSO provides a general complimentary brochure "Student Guide to Japan":
