**Subject: National Pool of Trainers on Leadership Skills and Ethics.**

Department of Personnel and Training (DoPT) in collaboration with United Nations Development Programme (UNDP) has developed a National Pool of Trainers on two thematic areas (i) Leadership Skills and (ii) Ethics. The objective is to make available high quality modules designed by reputed institutes and delivered by scientifically trained National Facilitators on a pan India basis to ensure better learning of skills. The module has been designed for Group A officers being trained at Central Training Institutes (CTIs) and State Administrative Training Institutes (ATIs). The module may be delivered as part of the existing training programmes or stand alone programme at CTIs and ATIs. The modules are of two days and three days duration.

2. A total of 31 facilitators on Leadership skills and 22 facilitators on Ethics are ready to facilitate the modules at CTIs and ATIs. All CTIs and ATIs are requested to utilise these high quality modules delivered by National Facilitators. The list of National Facilitators on Leadership Skills and Ethics is attached.

3. For the purpose of the delivery of the module, the National Facilitators have been clubbed into groups keeping in mind their skill and locational congruence. You are requested to contact the undersigned (sinha.vijay@nic.in, v\_k\_sinha2007@yahoo.co.in, Tele. No.011-26161159) for engagement of these facilitators in various training programmes being run by your CTI/ ATI.

4. This is an initiative of Government of India for design and delivery of high quality training modules on various thematic areas for better learning of skills. Soon modules and National Facilitators on two more thematic areas of Gender and Urban Planning & Management would be coming up for use by all of you. You are requested to send your opinion/comments on this initiative.
